HOT WEATHER HINTS

A Comment by the Committee on the Medical Aspects of Sports of the American Medical Association and the National Federation

Early fall football practice frequently is conducted in very warm and highly humid weather in many parts of the United States. Under such conditions, special precautions should be observed. Otherwise, the athlete is subject to:

- Heat Cramps - depletion of electrolytes
- Heat Fatigue - depletion of salt and water due to sweating
- Heat Exhaustion - excessive depletion of salt and water
- Heat Stroke - overheating from breakdown of the sweating mechanism

Each of these symptoms is a separate clinical entity. But the development of heat stroke is progressive and definite symptoms and signs will be manifested before it occurs. If these early warning signs are ignored, the failure of the body to dispose of excess internal heat could progress from heat fatigue to heat exhaustion to heat stroke.

Heat cramps are only temporarily disabling, but the moment of occurrence may be significant.

Heat fatigue dulls the athlete's skillful alertness and makes him more vulnerable to injury. The two heat illnesses can result in serious physical harm and even death; both are preventable.

Heat exhaustion and heat stroke are preventable only by careful control of various factors in the conditioning program of the athlete. Basic, of course, is an adequate health history examination prior to participation in practice. With the start of fall practice, it is essential to provide for gradual acclimation to hot weather activity. Equally important is the need to adjust salt and water intake to weather conditions.

As the athlete becomes accustomed to hot weather activity, he perspires more freely (thus dissipating body heat) and excretes less salt (thus conserving sodium). With a graduated training regimen, such acclimation can be expected to take place over a period of about one week.

The old idea that water should be withheld from athletes during workouts has no scientific foundation. In fact, such restriction, by depleting water in the body, can lead to heat fatigue and serious heat illness. During exercise in the heat, it is essential to replace - at least hourly - the water lost by perspiration.

Salt also needs to be replaced daily, particularly during the acclimation period. Extra salting of the athlete's food within the bounds of taste will accomplish this purpose. Salt tablets, particularly on an empty stomach, can be irritating and may be poorly absorbed.

Even after acclimation, it is advisable to alternate periods of strenuous exercise with periods of rest during hot weather. Also, it is important for the coach to observe his athletes carefully for signs of lethargy, inattention, stupor, awkwardness or unusual fatigue. Symptoms of water and salt depletion may include sluggishness, headache, nausea, hallucinations, and/or weak and rapid pulse. If heat illness is suspected, prompt attention to these recommended emergency procedures may have vital importance:

Heat Stroke: Collapse - with dry warm skin and rapid weak pulse - indicates sweating mechanism failure and rising body temperature. THIS IS AN EMERGENCY: DELAY COULD BE FATAL. Immediately cool athlete by the most expedient means (spraying or sponging with cool water is a good method). OBTAIN MEDICAL CARE AT ONCE.

Heat Exhaustion: Weakness - with profuse sweating and rapid pulse - indicates state of shock due to depletion of salt and water. Place person flat on his back in the shade with head on the ground, level or lower than body. Give sips of diluted salt water if conscious. OBTAIN MEDICAL CARE AT ONCE.

The following suggestions are offered to help coaches prevent heat exhaustion and heat stroke during hot weather athletic activity:

- Require a careful medical history and checkup prior to the beginning of practice.
- Schedule workouts during cooler morning and early evening hours in hot weather.
- Acclimate athletes to hot weater activity by carefully graduated practice schedules.
- Provide rest periods of 15 to 30 minutes during workouts of an hour or more in hot weather.
- Supply clothing that is white to reflect heat, comfortable to permit heat escape, and permeable to moisture to allow heat loss via sweat evaporation.
- Furnish extra salt and water in recommended amounts during hot weather.
- Watch athletes carefully for signs of trouble, particularly athletes who lose much weight, heavy athletes (e.g. interior linemen), and the determined athlete who may not report discomfort.
- Remember that temperature and humidity are the crucial factors. Measuring the relative humidity, by use of a sling psychrometer on the field, is advantageous in this regard. Heat exhaustion and heat stroke can occur in the shade.
- Alert the hospital emergency room medical and nursing staff of the possibility of heat illness among athletes before an emergency occurs so that they are prepared to care for a stricken athlete.
- Know what to do in case of such an emergency. Be familiar with immediate first aid practices and prearranged procedures for obtaining immediate medical, including ambulance service.
- Outlaw the hazardous warm weather use of rubberized apparel or other dehydration devices by players.

Some teams encounter hot weather during the season either through intersectional travel or following an unseasonably cool period. By this time, the athletes should be physically fit; nevertheless, they will not be environmentally fit. Coaches who face this situation are advised to schedule practices preceding the game at the warmest time of day, to diligently subscribe to the other recommendations above, and to use substitutes during the game more frequently than normal. The result will benefit the team's performance as well as the health of the athletes.

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at Kenlake State Park, Aurora, Kentucky, on Friday morning, July 25, 1980. The meeting was called to order by President Barney Thweatt, at 9:00 a.m. Present were Board members Zeb Blankenship, Robie Harper, Joseph McPherson, J.D. Minnehan, Norman Passmore, Walter Pickett, Faircе O. Woods, Commissioner Tom Mills, Assistant Commissioners Brigid DeVries, Louis Stout and Billy V. Wise. Conley Manning was present representing the State Department of Education. The invocation was given by Norman Passmore.

Robie Harper moved, seconded by Zeb Blankenship, that the minutes of the April meeting be accepted. The motion passed unanimously.

President Thweatt presented plaques to outgoing Board members Joseph McPherson and Norman Passmore and thanked them for their service and contribution to the Association as members of the Board of Control. They accepted their plaques with words of thanks. Pete Grigsby and Jack Burkich were not present to accept their plaques.

The Board of Control held its election of officers for 1980-81. Faircе O. Woods moved, seconded by Robie Harper, that Zeb Blankenship and J.D. Minnehan be elected President and Vice-President respectively. The motion passed unanimously.

Barney Thweatt thanked the Board members for their support during his tenure as President of the Board and then turned the meeting over to the newly elected President, Zeb Blankenship.

President Blankenship introduced the following new members of the Board of Control: Mr. John Brock, Morehead; Mr. Whaylon Coleman, Owensboro; Mr. Alvis Johnson, Harrodsburg. Mr. Charles Black of Barbourville was not present.

President Zeb Blankenship asked the members of the Board that attended the Annual National Federation Meeting in July to report on the meetings they attended. After comments by each member, they all agreed it was an excellent meeting and that each Board member should make special effort to attend the Annual National Federation Meeting.

Commissioner Mills presented to the Board copies of the material completed for the auditor and copies of the 1980-81 budget report. He explained the form the State Board asked the Association to use in reporting receipts and expenditures for the past year and the budget form for the upcoming school year. Following a discussion of the proposed budget, Walter Pickett moved, seconded by J.D. Minnehan, that the budget and audit report be approved. The motion carried unanimously.

J.D. Minnehan presented the report of the Basketball Committee on the results of the recent balloting on classification. He reported that 144 Board appointed representatives voted in favor of classification in basketball while 149 opposed. Following a lengthy discussion of the report, J.D. Minnehan moved, seconded by Barney Thweatt, that since a majority of those Board appointed representatives voting opposed classification, the present playoff system in basketball be continued. The motion passed with 8 voting in favor of the motion and one abstention.

President Blankenship appointed the following committees:

Basketball Committee — Chairman J.D. Minnehan, Vice Chairman Robie Harper, Faircе O. Woods, Charles D. Black, Barney Thweatt

Football Committee — Chairman Faircе O.

Woods, Vice Chairman Whaylon Coleman, Alvis Johnson, John Brock, Walter Pickett

Minor Sports Committee — Chairman Barney Thweatt, Vice Chairman Walter Pickett, Alvis Johnson, Whaylon Coleman, Robie Harper

Trophy Committee — Chairman Zeb Blankenship, Vice Chairman Alvis Johnson, Brigid DeVries, Billy Wise

Staff Committee — Chairman J.D. Minnehan, Vice Chairman Zeb Blankenship, John Brock, Robie Harper, Charles Black

Retirement Committee — Chairman Zeb Blankenship, Vice Chairman Barney Thweatt, Walter Pickett, Whaylon Coleman, Fairce O. Woods

East Eligibility Committee — Chairman Zeb Blankenship, Vice Chairman Fairce O. Woods, Charles D. Black, John Brock, Alvis Johnson

West Eligibility Committee — Chairman Barney Thweatt, Vice Chairman J.D. Minnehan, Whaylon Coleman, Robie Harper, Walter Pickett

Commissioner Mills asked that the Board not act on agenda item 8, setting the site for the 1981 Girls' State Basketball Tournament, until the next meeting of the Board of Control. J.D. Minnehan moved, seconded by Fairce O. Woods, that item 8 on the agenda be tabled. The motion passed unanimously.

Mr. Mills called attention to some of the major changes in the 1980-81 Constitution and By-Laws. Article III, Membership, will now read as follows: "This association shall be composed of public secondary schools which are accredited by the Kentucky State Board of Education, and non-public secondary schools which voluntarily comply with accrediting standards of the Kentucky Department of Education or comply with 704 Kentucky Administrative Regulation 6:010 (Non Public Schools). Member schools are required to comply with the provisions of the K.H.S.A.A. Constitution and By-Laws. No school shall become a member or continue to be a member whose detailed financial (athletic, or otherwise), scholastic and attendance records are not matters of public property of record. Junior high schools shall not be eligible for membership."

Mr. Mills also explained the addition to Article X directing the principals of each school to require all participants of interscholastic athletics and their parents or guardians to acknowledge receipt of the eligibility rules as promulgated by the Association and State Board regulations.

Mr. Mills presented a request from several schools in Jefferson County that the Board consider changing certain sports seasons from the spring to the fall. He also presented a letter requesting that the member schools be surveyed to determine their interest in sponsoring softball as an inter-scholastic sport. President Blankenship referred these two items to the Minor Sports Committee for further study.

Mr. Mills presented a letter from Mr. Louis Schneider, a representative of the Victory Athletic Club in Louisville, requesting that the Joe Binks Cross Country Runs be sanctioned by the Board. Following a discussion of By-Law 20, which stipulates that no meet, tournament, post-season game, or all-star contest will be sanctioned by the Board of Control unless it is sponsored by a member school, conference, group of schools, or coaches association, which shall have full control of planning, supervision, and disposition of finances, it was agreed that the event could not be sanctioned by the Board under the present arrangement.

Mr. Mills presented correspondence received from Attorney John Bankemper, appealing the ruling of the commission on the eligibility status of Matthew Robert Kinsella, a student who is ineligible to represent Fort Thomas Highlands High School in athletics under the provisions of By-Law 6, Section 1, Transfer Rule. Following a discussion of the contents of the correspondence, Barney Thweatt moved, seconded by J.D. Minnehan that By-Law 6, Section 1, Transfer Rule, not be waived in this case. The motion passed with a vote of 8-0 with one abstention.

Following a discussion of the fact that the University of Kentucky has scheduled a basketball game with a team from Russia on November 14, 1980, and after noting that this date conflicts with high school regional football playoffs in Kentucky, the Commissioner was instructed to contact the athletic officials at the University of Kentucky, requesting that the basketball game be scheduled on another date thereby eliminating the conflict and possible financial loss to member schools should the game be played as scheduled.

The next meeting of the Board of Control was scheduled for October 18, at the K.H.S.A.A. Building, Lexington, at 9:00 a.m.

J.D. Minnehan moved, seconded by Walter Pickett, that all bills of the Association for the period beginning April 1, 1980, and ending June 30, 1980, be allowed. The motion passed unanimously.

Fairce O. Woods moved, seconded by Robie Harper, that the meeting be adjourned. The motion carried unanimously.

CAN ATHLETIC INJURIES AND COST OF ATHLETIC INSURANCE BE REDUCED?

HERE ARE SOME SUGGESTIONS THAT WILL HELP:

1. Secure a team physician. Your local Medical Society can advise on this.

2. Require players to be physically fit and well conditioned before engaging in contact.

3. Do not allow a player with an injury to participate until he has medical approval to do so.

4. Make sure equipment is adequate, in good condition, and that it is properly worn.

5. Consider carefully the length of practice sessions. The latter part of lengthy sessions produces the most injuries.

6. Require injuries to be reported to you promptly and refer those needing attention to the physician at once.

7. Get your players interested in injury prevention and fitness. Any player is more valuable without casts and crutches.

8. Our COOPERATIVE FOOTBALL PLAN and Student Insurance provide excellent coverage, service and economy.

1. **PLAY:** K2 punts from his 48-yard line, the ball comes down on R's 10 and bounces high in the air. K3 leaps and controls the ball and while in the air over the 5-yard line, throws the ball over his head to keep it from going into the end zone. The ball comes to rest and is blown dead on R's 12-yard line.
   RULING: R may choose to take the ball at the spot of first touching by K3 or at the spot it was blown dead. The action of K3 to prevent the loose ball from going into the end zone is interpreted to be the same as an intentional bat of a scrimmage kick beyond the line, which is illegal. The 15-yard penalty, if accepted, is enforced from the previous spot and the down is replayed. (2-1-2; 2-1-4; 2-3-1; 2-11-3; 9-5-5; 10-3-2)

2. **PLAY:** The Referee observes quarterback A4 in the huddle: (a) looking at a piece of paper taped to the inside of his helmet; or (b) at a piece of paper taped to his wrist; or (c) looking at writing on the back of his arm.

   RULING: There is no prohibition unless the material on the arm in (b) is illegal because it is hard or abrasive. The only prohibition is against the use of mechanical or electronic audiovisual aid equipment. (1-5-31; 9-7-1)

3. **PLAY:** Prior to the try, Team A captain requests the ball be placed on the right side inbounds line. Team A then deploys in a spread formation. Team A captain does not like the defensive coverage and asks for time. The captain then asks the Referee to move the ball to a position midway between the uprights.

   RULING: The request is denied The captain may, in 5 situations, ask that the ball be placed at a certain point between the inbounds lines, however, once spotted the ball may not be moved because of a second request. If a foul occurs during the down and the penalty is accepted, the captain would again be given an opportunity to pick a spot for the replay. The opportunity to request placement of the ball are available for a try or kickoff, or after a safety, fair catch or touchback. (4-3-5; 6-1-2; 6-5-3; 8-3-1; 8-5-4)

Con't from Page 3

4. **PLAY:** During a run by A4, the Team A coach is on the field berrating an official. A4 is tackled and, thereafter, B1 piles on. How are the penalties administered?
   RULING: The piling on is a dead ball foul. The foul by a nonplayer (Team A coach) is administered as a dead ball foul. Dead ball fouls are administered in the order they occur. The penalty on the coach will be administered first, followed by the penalty for piling on. (2-30-6; 10-2-4)

5. **PLAY:** Fourth and 10 from B's 40-yard line. K1 in punt formation receives the snap but decides to run. K1 advances 8 yards beyond the line and seeing he will not make the first down, he kicks the ball. The ball rolls into B's end zone where B1 picks it up and returns it the length of the field into A's end zone.

   RULING: Touchdown for Team B. The touchback, fair catch and blocking rules that normally apply during a scrimmage kick do not apply during an illegal kick. The ball remains alive and may be advanced out of the end zone. Team B may accept the 15-yard penalty and, if they did, it would be enforced from the spot of the illegal kick with the down being replayed.

   COMMENT: Normally, the covering official will not realize it is an illegal kick and will sound his whistle (inadvertently) when the ball enters the end zone. If the penalty is declined, the ball will then revert back to Team A at the point possession was lost (when it was illegally kicked) and the down will count. Since Team A is short of the first down, Team B will take over first and 10 at that point. (2-15-3; 6-2-1; 6-5-1; 8-5-3; 9-1-4; 9-5-4)

VOL. XLIII — No. 3 OCTOBER, 1980 $2.00 Per Year

Minutes of the Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, Kentucky, on Saturday morning, October 18, 1980. The meeting was called to order by President Zeb Blankenship at 9:00 a.m. with all Board members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioner Brigid L. DeVries and Louis Stout present. Conley Manning was present representing the State Department of Education. The invocation was given by Conley Manning.

Barney Thweatt moved, seconded by Fairce O. Woods, that the minutes of the meeting held on July 25 be approved as submitted. The motion passed unanimously.

John Brock moved, seconded by Alvis Johnson, that the minutes of the East Eligibility Committee Meeting held on September 24, 1980, concerning the Stanley Meihaus III eligibility case, be approved. The motion carried unanimously.

President Blankenship introduced Prin. Waymon Denison, Coach Roy McKamey and Joel Thompson from Hart County High School. They were appearing before the Board to appeal the Commissioner's ruling that Joel Thompson had violated K.H.S.A.A. By-Law 32, Post-Season and All Star Games. After considering the facts as presented in the case by the representatives from Hart County High School, Fairce O. Woods moved, seconded by John Brock, that the basketball contest in which Joel Thompson participated in on April 12, 1980, did not constitute a all-star or post-season game as referred to in K.H.S.A.A. By-Law 32. The motion carried unanimously. The Board members did advise that the Hart County High School officials should caution their team members about participating in any athletic contest without first checking with the coach or principal to determine if there is a possible violation of K.H.S.A.A. rules.

President Blankenship introduced Prin. Bobby Wells, Prestonsburg High School, and Mr. Glenn, father of Jean Ann Glenn. They were appearing before the Board to appeal the Commissioner's decision in the eligibility case of Jean Ann Glenn. Following the presentation made by Mr. Wells and Mr. Glenn and a discussion by the Board, Barney Thweatt moved, seconded by Whaylon Coleman, that the Commissioner's decision be upheld and that K.H.S.A.A. By-Law, Section 1, Transfer Rule, not be waived in this case. The motion passed unanimously.

Commissioner Mills reviewed the eligibility case of Dennis Wolfe from Breckinridge County High School, concerning the Transfer Rule. At this time Prin. Rob Cox of Breckinridge County High School came before the Board to appeal the Commissioner's ruling that Dennis Wolfe is ineligible to participate in athletics at Breckinridge County High School under the provisions of K.H.S.A.A. By-Law 6, Section 1, Transfer Rule. Following a lengthy discussion after Mr. Cox's presentation, Fairce O. Woods moved, seconded by John Brock, that the Commissioner's decision be upheld and that By-Law 6, Section 1, Transfer Rule, not be waived in this case. The motion carried unanimously.

Coach Fred Waddle, Taylor County High School, appeared before the Board with additional material concerning the eligibility case of Casey Neely who had moved from Florida to Campbellsville. K.H.S.A.A. By-Law 6, Section 1, Transfer Rule, is at question in this case. Barney Thweatt moved, seconded by Charles Black. that the Board wait for a verification from the principal of the Florida school as to whether or not Casey participated in varsity athletics before making a decision in this case. The motion carried unanimously.

Mr. Mills presented copies of all the correspondence in the eligibility case of Randy Trodglen a student enrolled at Hancock County High School. Randy was ruled ineligible according to the provisions of K.H.S.A.A. By-Law 6, Section 1, Transfer Rule. Following a discussion of the information presented, Fairce O. Woods moved, seconded by Alvis Johnson, that the decision of the Commissioner be upheld in his case. The motion carried unanimously.

Commissioner Mills submitted a copy of a proposal that Supt. Reed Conder of the Marshall County Board of Education, had requested him to present to the Board. Following a discussion of the proposal and comments by Barney Thweatt concerning his interest in possibly re-wording the proposal, the Commissioner was directed by the Board to request that Mr. Conder re-submit the proposal on or before the March 1 deadline and that it would be placed on the agenda for consideration by the Delegate Assembly.

Chairman Barney Thweatt reported on the Minor Sports Committee Meeting that met on October 17 at 7:00 p.m. Members of this Committee are Walter Pickett, Alvis Johnson, Whaylon Coleman and Robie Harper. The following items were discussed for Board consideration:

It was requested that a survey of the member schools be made to determine whether or not the required 25% of our member schools would be interested in the K.H.S.A.A. sponsoring a state tournament in girls' softball. Barney Thweatt moved, seconded by Whaylon Coleman, that the survey be made. The motion carried unanimously.

Louis Stout was asked to report on the baseball program. Following a lengthy discussion on Mr. Stout's presentation, Barney Thweatt moved, seconded by Walter Pickett, that game fees for baseball officials be increased to $25.00 per single game and $37.50 for doubleheaders with a travel allowance of 10¢ per mile per car for all necessary travel. Assigning Secretaries shall limit travel to only one car in all cases where possible. The motion passed unanimously. Mr. Stout was directed to inform the member schools of the reasons for the recommended increase in game fees.

Coach Joe Kroh of St. Xavier High School presented to the Board a recommendation for a new format in tennis. After a lengthy discussion Barney Thweatt moved, seconded by Robie Harper, that the recommended team concept be adopted beginning with the 1981-82 school year. The motion carried unanimously.

After a discussion on the site of the 1981 Girls' State Basketball Tournament John Brock moved, seconded by Walter Pickett, that Eastern Kentucky University be named the site of the 1981 Girls' State Basketball Tournament. The motion carried unanimously.

Following a discussion on the number of classes in football, Barney Thweatt moved, seconded by Alvis Johnson, that a proposal be referred to the Football Committee for study with a recommendation that the number of classes be changed from four to three. The motion carried unanimously.

Billy Wise presented to the Board some suggested recommendations to be made to the assigning secretaries of junior varsity basketball officials. Following a discussion of these recommendations Fairce O. Woods moved, seconded by Barney Thweatt, that the Board approve the recommended fee for junior varsity basketball (B-team) officials as $17.50 per game. The motion passed with a vote of 9-1. The recommendation is to be sent to the assigning secretaries and the decision to follow the recommendation made by the Board is left up to each of the local Policy Committees.

Mr. Mills read a letter from President Jim Watkins of the Kentucky High School Athletics Directors Association inquiring about the procedure to be followed to become a voting member at the Delegate Assembly. The Board suggested that he submit a proposal through a Board appointed representative or by the principal of a member school prior to the March 1 deadline. They would then approve its placement on the agenda for consideration by the 1981 Delegate Assembly.

Commissioner Mills presented a letter from Mr. Charles Hay, Archivist with Eastern Kentucky University, requesting that the K.H.S.A.A. deposit permanently and transfer physical custody of their historical records to Eastern's Archives. Following a lengthy discussion on the need for the protection and preservation of these records, Alvis Johnson moved, seconded by Fairce O. Woods, that this request be granted. The motion carried unanimously.

J.D. Minnehan requested that the next meeting of the Board be held on December 13, 1980, at 9:00 a.m. at the K.H.S.A.A. Building, Lexington. Fairce O. Woods moved, seconded by Barney Thweatt, that the requested date and site for the next Board meeting be approved. The motion carried unanimously.

Robie Harper moved, seconded by J.D. Minnehan, that all bills for the period beginning July 1, 1980, and ending September 30, 1980, be allowed. The motion passed unanimously.

There being no further business Alvis Johnson moved, seconded by Fairce O. Woods, that the meeting adjourn. The motion passed unanimously.

I have examined the statement of cash receipts and disbursements for the fiscal year ended March 31, 1980. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

During the latter part of March, 1980, Mr. John Radjunas was elected Executive Secretary. A bank account was opened at Mt. Sterling National Bank. This report does not cover any cash receipts or disbursements to that account, as it will be for activity in the year ended March 31, 1981.

In my opinion, with the above exception, the accompanying statement of cash receipts and disbursements presents fairly the recorded cash transactions of the Kentucky High School Coaches Association and All Star Fund for the fiscal year ended March 31, 1980, on a basis consistent with that of the preceding year.

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Saturday, December 13, 1980. The meeting was called to order by President Zeb Blankenship at 9:00 a.m. with Board members J.D. Minnehan, Charles D. Black, John Brock, Whaylon Coleman, Alvis Johnson, Walter Pickett, Barney Thweatt, Fairce O. Woods; Commissioner Tom Mills, Assistant Commissioners Brigid L. DeVries, Louis Stout and Billy V. Wise present. Conley Manning and Darrell Wells were present representing the State Department of Education and the State School Boards Association respectively. The invocation was given by Conley Manning.

Alvis Johnson moved, seconded by J.D. Minnehan, that the minutes of the October 18, 1980 meeting of the Board be approved. The motion carried unanimously.

John Brock moved, seconded by Fairce O. Woods, that the Board approve the minutes of the Eligibility Committee meeting, held on November 12, 1980. The motion carried unanimously.

President Blankenship introduced Gerry Welch who spoke to the Board on behalf of his daughter, Lisa, who had transferred to Assumption High School without a corresponding change of residence of her parents. Mr. Welch and Lisa spoke to the Board on the reasons why she transferred to Assumption High School. Following their presentation and a discussion by the Board, Barney Thweatt moved, seconded by Whaylon Coleman, that the decision of the Commissioner be upheld. The motion carried unanimously.

Attorney David Emerson came before the Board to request a waiver on the eligibility case of John Henry Small. As John had transferred from Jamacia, New York, to Lafayette High School, and had played varsity basketball in New York, he was declared ineligible under By-Law 6, Section 1, Transfer Rule. Also, present speaking on his behalf was Coach Don Harville and Prin. Dwight Price of Lafayette High School. After a lengthy discussion by the Board, John Brock moved, seconded by Fairce Woods, that the decision of the Commissioner be upheld and that the Commissioner be instructed to issue a strong reprimand to Lafayette High School for permitting this student to participate in an athletic contest prior to being properly certified. The motion carried by a vote of 7-1 with one abstention.

J.D. Minnehan suggested to the Board that they revise the transfer form and contact the principals of member schools in regard to a format to follow in regard to transferred athletes.

Commissioner Mills read the material from Ludlow High School concerning the eligibility of Joe McGough. After discussing the correspondence concerning the case, Barney Thweatt moved, seconded by Walter Pickett, that the decision of the Commissioner be upheld. The motion carried unanimously.

Commissioner Mills presented the eligibility case of Keith Clark, a student at Madison High School. Keith was ruled ineligible under By-Law 6, Section 1, Transfer Rule. After a discussion by the Board, Fairce Woods moved, seconded by Charles Black, that the By-Law not be waived in this case. The motion carried by a vote of 8—1.

The eligibility case of William Payne was presented to the Board by Commissioner Mills. William was ruled ineligible to represent Shawnee High School under the provisions of By-Law 6, Section 1, Transfer Rule. After a discussion by the Board, Walter Pickett moved, seconded by John Brock, to uphold the decision of the Commissioner. The motion carried unanimously.

Coach B.B. Kendrick of Ballard Memorial High School wrote to Commissioner Mills requesting permission for Keith Myers to participate on a team that will be touring several foreign countries this summer. After a discussion by the Board, Barney Thweatt moved, seconded by John Brock, that Keith be allowed to participate on the team. The motion carried by a vote of 8—1.

Commissioner Mills read correspondence from Prin. David Lewis, Evarts High School, concerning John Campbell. Mr. Lewis reported to the Commissioner that he permitted John, an ineligible player under the provisions of By-Law 5, Section 4, to participate in football during the 1980 season. This was also reported by Ath. Dir. Larry Phillips of Evarts High School. Following a discussion of this violation and the fact that Evarts High School is presently on probation for a similar violation but also taking into consideration the fact that the school officials were making an honest effort to improve the situation, Fairce Woods moved, seconded by Alvis Johnson, that the probation period be extended to January 2, 1982, and that the game won over Campbellsville be forfeited. The motion carried unanimously.

Executive Assistant Billy Wise reported to the Board on the football playoffs. Financial reports have been received and the expenses of the playoffs paid. A complete audit of the playoffs will be made at a later date. Following a recommendation by Commissioner Mills that the eight schools involved in the playoffs receive an additional amount of $1,200.00, John Brock moved, seconded by Fairce Woods, that the Commissioner's recommendation be accepted. The motion carried unanimously.

Prin. Herbert Young and Coach Jerry Griffin of Hancock County and Coach Don Smith of Butler County High School spoke to the Board about reconsidering the football alignment for 1981 and 1982 seasons in Class AA, Region I, Districts 1 and 2. After a lengthy discussion the Board directed the football committee to meet after the regular Board meeting and consider their requests.

tournament account in an amount to cover the expense of a $500.00 check being sent to the sixteen schools that participate in the girls' state tournament. The motion carried unanimously.

Commissioner Mills recommended to the Board that a twenty-five percent increase in radio fees be made this year. J.D. Minnehan moved, seconded by John Brock, that the recommendation be accepted. The motion carried unanimously.

Upon a motion by John Brock, seconded by Walter Pickett, and a unanimous vote of the Board, the following regulations concerning fees for district, regional and state basketball tournament officials were adopted. The district tournament official shall receive a fee of $35.00 per game, the regional tournament officials shall receive a fee of $40.00 per game and the state tournament official shall receive a fee of $45.00 per game. Transportation allowance shall be 15¢ per mile for all necessary travel to officiate an assigned game. In the event it is necessary for the official to remain over-night at the tournament site, he or she shall be paid an additional $20.00 per day for lodging and meals. These apply to both boys and girls tournaments.

Assistant Commissioner Brigid DeVries reported to the Board on the results of the softball survey that was sent to all member schools. The following is the tabulated vote:

10 votes — My school would enter a boys' team in softball during the 1981-82 school year if it is included in the K.H.S.A.A. program as a fall sport.

58 votes — My school would enter a girls' team in softball during the 1981-82 school year if it is included in the K.H.S.A.A. program as a fall sport.

140 votes — My school would not enter either a boys' or a girls' team in softball during the 1981-82 school year.

It was the decision of the members of the Board that the K.H.S.A.A. will not sponsor a state champion in softball during the 1981-82 school year since less than the required 25% of the member schools indicated an interest.

Brigid DeVries reported to the Board the results of the Golf Committee meeting. The committee recommended either an increase in the Boys' individual qualifying golfers from 3 to 5 or one team and seven individuals for both boys and girls. Upon a recommendation by Brigid DeVries, Barney Thweatt moved, seconded by Walter Pickett, that no change be made until there can be a further study of the recommended changes. The motion carried unanimously.

Commissioner Mills and Assistant Commissioner Stout read letters from member schools concerning the raise in fees for baseball umpires. After a lengthy discussion Barney Thweatt suggested that the following clarification be made on the action of the Board during the October 18 meeting: Clarification — That game fees for baseball officials be set by the assigning secretaries and/or policy committees after discussing the matter with the principals of the schools in their area. The amount of $25.00 for a single game and $37.50 for double headers is a recommended maximum fee and is not mandatory.

After a lengthy discussion on the assigning of basketball tournament officials, Barney Thweatt moved, seconded by John Brock, that district tournament officials shall be assigned within the region with regional tournament officials being assigned outside the region in which they reside. The motion passed by a vote of 8—1.

Mr. Mills read the correspondence from Attorney George O'Bryan concerning the request of Williard Vandiver that By-Laws 8 and 36 be eliminated by the K.H.S.A.A. He explained to the Board that the Constitution does not give the authority to the Board to amend or eliminate any portion of the Constitution or By-Laws of this Association. Mr. Mills was instructed to inform Mr. O'Bryan that changes are only made through a 2/3 vote of the representatives of member schools at the annual meeting of the Delegate Assembly or through referendum vote of the Board appointed representatives of each member school.

Commissioner Mills reported that the State Board of Education suggested that the K.H.S.A.A. appoint a committee of Board members to study By-Law 6, Section 1, Transfer Rule, and make a recommendation to the State Board for a modification of the rule to accomodate hardship cases, addressing such problems as death of a parent, divorce situations or other situations that might create comparable hardships. Zeb Blankenship, J.D. Minnehan and John Brock were appointed to a committee to study By-Law 6 and report their recommendations to the next regular

meeting of the Board.

The next meeting date of the Board of Control will be held at the Executive Inn—East, Louisville, on January 16, 1981, at 9:00 a.m.

J.D. Minnehan moved, seconded by Whaylon Coleman, that all bills of the Association for the period beginning October 1, 1980, and ending November 30, 1980, be allowed. The motion carried unanimously.

There being no further business Alvis Johnson moved, seconded by Barney Thweatt, that the meeting be adjourned. The motion passed unanimously.

Immediately following the Board meeting the Football Committee met to discuss requests from various schools concerning the re-alignment for 1981 and 1982.

After a lengthy discussion, Fairce O. Woods moved, seconded by John Brock, that the recommended alignment for 1981 and 1982 be accepted as presented. The motion carried unanimously.

Alvis Johnson moved, seconded by Whaylon Coleman, that the Commissioner be directed to send a survey to all schools participating in football to determine their interest in returning to three classes. The motion carried unanimously.

The Board of Control re-convened immediately following the Football Committee meeting. Fairce O. Woods moved, seconded by Alvis Johnson, that the Board accept the Football Committee's recommended alignment for 1981 and 1982. The motion carried.

CHARMOLI RECEIVES DISTINGUISHED SERVICE AWARD
(National Federation Press Service)

Louis J. Charmoli, former director of athletics, duPont Manual High School, was honored Monday, December 15, 1980, during the Eleventh Annual National Conference of High School Directors of Athletics in Atlanta, Georgia.

The National Interscholastic Athletic Administrators Association (NIAAA) selected Mr. Charmoli to be one of six individuals nationwide from outside the field of athletic administrators honored for their contribution to interscholastic athletics.

John Klement, present of the NIAAA, made the presentations at the conference luncheon.

The conference attracted over 1,000 high school athletic directors representing the major school districts throughout the United States and Canada. Featured speakers included Dale Brown, basketball coach at Louisiana State University; Dr. Fred Allman, director of the Sports Medicine Clinic in Atlanta; Richard Ball, nationally known attorney from Phoenix, Arizona; Ryne Duren, former New York Yankee pitcher and Roger Staubach, former Dallas Cowboy quarterback.

Mr. Charmoli has had a distinguished career as a coach and athletic director at duPont Manual High School where his name became synonymous with managing Kentucky State High School basketball tournaments. He helped organize and served as the first president of the Kentucky High School Coaches Association. Subsequent to his retirement the Board of Education named the new Manual gym, "Louis J. Charmoli Gym," the first time in history the Board named a building for a living person.

The National Interscholastic Athletic Administrators Association honors individuals from both inside and outside the field of athletic administration as a means of bringing recognition to and showing gratitude for their contributions to the interscholastic program.

According to President Klement, "The interscholastic program as we know it today, as expansive and sophisticated as it has become, would not be possible without high school athletic directors, team physicians, dedicated game officials and others who make such an important contribution to our program. We believe Mr. Charmoli epitomizes the best of his profession."

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn—East, Louisville, Kentucky, on Friday, January 16, 1981. The meeting was called to order by President Zeb Blankenship at 9:00 A.M., with all Board members, Commissioner Tom Mills, Assistant Commissioners Brigid DeVries, Louis Stout and Billy V. Wise present. The invocation was given by Walter Pickett.

Walter Pickett moved, seconded by Robie Harper, that the minutes of the December 13, 1980, meeting of the Board of Control be approved. The motion carried unanimously.

Larry Barnes, Mr. Dorman Dunn and Mark Dunn came before the Board to speak on behalf of Mark Dunn who had been ruled ineligible to participate in athletics at Doss High School. After a lengthy discussion of his presentation, Barney Thweatt moved, seconded by J. D. Minnehan, that the decision of the Commissioner be upheld and that By-Law 6, Section 1, Transfer Rule, not be waived in this case. The motion carried unanimously.

Mr. Mills read the changes in By-Law 6, recommended by a committee composed of Board Members Zeb Blankenship, J.D. Minnehan and John Brock. After a discussion by the Board members Charles Black moved, seconded by Fairce O. Woods, that the Board accept the recommended changes in By-Law 6 and present the proposal to the Delegate Assembly in April. The motion carried unanimously. A list of proposals to be submitted to the 1981 Delegate Assembly for consideration will be printed in a future *Athlete*.

Executive Assistant Billy Wise gave a report on the progress of ticket sales for the boys' and girls' state basketball tournaments. Mr. Wise reported that ticket sales have shown a slight increase over those of the same period last year.

Bullitt Central High School had requested to remain in football Class AAAA, Region II, District 1. After a discussion Fairce O. Woods moved, seconded by J.D. Minnehan, that Bullitt Central High School be allowed to remain in their district. The motion carried by a vote of 9—1. The new alignment for 1981 and 1982 football seasons will be printed in the February issue of the Athlete.

Commissioner Mills read a letter from Supt. Joseph Anthony of McLean County Schools, requesting the Board reconsider the football alignment in Class AA, Region I, District 1. After a discussion no action was taken on this request.

Mr. Mills discussed with the Board a plan to cover all coaches of the Kentucky High School Athletic Association member schools under the catastrophe insurance protection program. Robie Harper moved, seconded by Whaylon Coleman, that the recommended insurance plan be accepted. The motion carried unanimously. The plan is with Doug Ruedlinger, Inc., will go into effect March 1, 1981, and will provide coverage up to $100,000.00 in medical benefits per injury with a $1,000.00 deductible clause.

Barney Thweatt moved, seconded by John Brock, that the Board support the "Tenth Annual Medical Aspects of Sports Symposium: Sports Medicine Programs for our Schools" and encourage the coaches, trainers and administrators to attend this medical clinic. The motion carried unanimously. Information and a pre-registration form will be printed in the January issue of the Athlete.

Fairce Woods moved, seconded by Whaylon Coleman, that all bills of the Association for the month of December be allowed. The motion carried unanimously.

The next meeting of the Board of Control was scheduled for Friday, March 20, 1981, 9:00 A.M., at the Hyatt Regency, Lexington, Kentucky.

ELECTRICAL SAFETY IN THE TRAINING ROOM

By: Mimi M. Porter, M.S., A.T.C., Athletic Association, University of Kentucky and Jonathan W. Porter, E.E., Kentucky Utilities Company, Lexington, Kentucky.

On April 18th of this year, a 17-year-old high school athlete was killed in a whirlpool in Paris, Kentucky. The whirlpool motor was government surplus equipment, installed in the high school locker room and grounded by the wall socket. Before this accident occurred, this was a typical situation to be found in many high schools and colleges throughout Kentucky and, no doubt, other states as well.

It is a common, but mistaken belief, that three-pronged plugs, circuit breakers and grounded wall sockets are adequate protection from electric shock in a wet area. But the fact is, these devices cannot detect the small amount of diverted current necessary to injure or kill a person. Fortunately, though, there is a device that can. It is called a ground fault breaker or ground fault circuit interrupter. The g.f.b. continually compares the amount of current going to the motor to the amount of current returning from the motor. Whenever the amount going differs from the amount returning, the g.f.b. interrupts the power in as little as 1/40th of a second. This difference in current is called leakage and the path it takes to ground could be through a person. (1)

In a dry situation, g.f.b.'s aren't necessarily needed if electrical tools are properly grounded in some other way — if their cords have three pronged

KAPOS NEWS STATE TOURNAMENT INFORMATION

Participating cheerleader and sponsor registration: all cheerleading squads and/or sponsors are asked to stop by the KAPOS table in Rupp Arena to:

1. Register your squad
2. Pick up important information and materials for you and your school.

Along with a KAPOS board member, there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all sponsors and cheerleaders that KAPOS has a Hospitality Room located on the playing level of Rupp Arena. We cordially invite you to have refreshments, socialize with friends, exchange ideas, and perhaps get help with your problems.

"Sweet Sixteen" Cheerleading Squads: **Attention Principals!** If your team will be participating in the State Tournament, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleader sponsor. We request that your cheerleaders be chaperoned by a well qualified, school approved adult. Verification of this, along with your sponsor's name, must be contained in the letter of confirmation which you will receive. This letter must be in the hands of a KAPOS officer prior to the time that your cheerleaders take the floor.

Important! Please be sure that your school is a paid member of KAPOS or pays the fee before their first game in order for your squad to compete for the cheerleading awards in the State Tournament. The winners of these awards will be determined by use of the KAPOS Judging Sheet, a copy of which will also be included in the packet sent by the K.H.S.A.A. to the winners of the sixteen regions.

AWARDING OF TROPHIES

KAPOS is pleased to honor outstanding cheerleading squads with the recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleader squad in the Boys' Sweet Sixteen will receive the Ted Sanford Trophy; in the Girls' Sweet Sixteen the Tom Mills award. The runner-up cheerleading squad will receive a trophy, with the third and fourth place squads being awarded plaques. In addition, the special K-Pep Award will be presented. All-Tournament cheerleading squads and their sponsors are asked to be located close to the playing floor so they can easily come on the floor should they be called for an award.

GOVERNOR BROWN DECLARES GOOD SPORTSMANSHIP MONTH

While every month should be Good Sportsmanship Month, KAPOS has always tried to put special emphasis on being a good sport at tournament time. Being a good sport is part of being a good citizen. We don't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOS Sportsmanship Creed proclaimed by Governor Brown. The Governor's proclamation is on display at the KAPOS table.

NOTE TO ALL ADMINISTRATORS

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel to help at the tournament. This involves at least 12 to 15 people. It is also backbreaking, tiresome work. However, we have many dedicated persons who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seeking your understanding and cooperation should you be asked to release a teacher from her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

STATE -AT-LARGE CHAMPIONS

Recognition is annually given to cheerleading squads other than those sixteen fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer trophy, while the runner-up will receive the President's Trophy. Plaques will be given to the third and fourth place squads.

Beginning at the district level, all squads that are KAPOS members are eligible to be judged for the honor of representing their district in the KAPOS Region-At-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn the girls' varsity winner and the boys' varsity winner and runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the Boys' State-At-Large winners will take place at 8:30 A.M. on Friday, March 20, and at 8:30 A.M., Saturday, March 21, in the Lafayette High School Gymnasium, 400 Reed Lane, Lexington. The public is invited to this outstanding event. The admission charge of $1.00 per person will go toward the expenses of the KAPOS scholarship award, details of which are supplied below.

Judging for the Girls' State-At-Large winners will take place at 8:00 A.M., on Saturday, March 28, in the Madison Central High School gymnasium, 705 North Second Street, Richmond.

At the conclusion of the judging, trophies will be awarded to the top four squads, in addition to several special awards.

STELLA S. GILB SCHOLARSHIP

KAPOS is happy to annually award the Stella S. Gilb Scholarship to an outstanding and well-deserving cheerleader from Kentucky. One of your cheerleaders may be a potential scholarship winner, so get your applications in early. Applications must be turned in no later than April 15. Contact a KAPOS board member or officer for application forms, or pick them up at the State Tournament KAPOS table.

Electrical Safety

plugs and those are inserted in grounded receptacles. (2) But in a wet area, a g.f.b. is necessary because of the rather unique situation the human body is placed in when it is wet and subjected to electrical current.

The human body is a conductor of electricity. Resistance to the flow of electricity through the body is reduced when the body is wet. If you came in contact with an energized wire, you would get shocked. If you touched that same wire when you were wet or standing in water, the shock you would get would be at least five times as great as when you were dry. Electrical current flowing through the body causes injury.

In order to understand the protection offered by a g.f.b. we must first determine what the safe and unsafe levels of currents are for the human body.

Current is measured in amps. The currents that are harmful to the human body are measured in milliamps or one-thousandths of an amp. These are very, very small currents. An ordinary 100 watt light bulb will draw about one amp. Power lines carry hundreds or even thousands of amps. A safe current level for the human body is defined as about eight milliamps. You can barely feel this amount of current. 8—100 milliamps can result in a painful shock. 100—200 milliamps flowing through the heart will disrupt the normal nerve impulses to the muscle fibers and cause fibrilation. As the currents get above 200 milliamps, tissues are destroyed due to the extremely rapid rise in temperature. From this level of current, you also get severe, non-relaxing muscle contractions. This includes the heart muscle. The heart muscle fibers will contract but not relax.

A g.f.b. is designed to interrupt the power in a circuit, if there is a discrepancy of more than five milliamps in that circuit. As we have said, this is a current below the level of sensation for most people. The individual is being shocked but doesn't know it and the whirlpool shuts off due to the circuit breaker. A conventional fuse or circuit breaker is set to trip out at an overload situation, such as would cause a house to burn down, not to protect a human. These are set at 15—20 amps, not 5 milliamps.

Now, back to our whirlpool hazard. You must realize that if the insulation should fail in the whirlpool motor when you are immersed in the tank or touching it, you become a parallel electrical circuit. And as I said before, simple grounding is not enough. By grounding a whirlpool you do provide a circuit that supposedly will conduct current through it, if the insulation should fail. But it doesn't matter how well grounded it is, if you are in the tank or touching it, you are still a parallel path and will receive some amount of current. While the amount of current in your path can be reduced by proper grounding, it cannot be eliminated and could fall into the range of harmful currents mentioned earlier. The g.f.b. measures all the currents that are flowing through your portion of the circuit and the grounded portion of the circuit and will trip out the motor at five milliamps.

G.f.b.'s have been available for the past 5-6 years. They cost about 40-50 dollars and should be installed by a qualified electrician. There are two types — one is designed for installation in the wall outlet. The other type is designed for installation into the circuit breaker panel. You should choose the type that best suits your number and arrangement of hydrotherapy units. Don't forget cold immersion tanks and underwater ultra sound.

It is probably unnecessary for me to bring up the legal implications of failure to install g.f.b.'s. The National Electric Code requires them in all health care facilities. There will be a whole new section added to the 1981 NEC specifying their use of therapeutic pools and tubs. If your facility were not in compliance to this code, and next year it will be very specific, you would not stand a chance in a law suit. (The code references for those of you who may need to site them to your administrators are: 1978 NEC — article 517-92. 1981 NEC — section F of article 680-62.)

There are many reasons why a motor can go bad other than insulation failure, so the chances of this particular fault occurring are relatively remote. But it does occur and has occurred and the stakes are so high that it is well worth having the best protection that is technologically available to us. Let me urge you to have an expert in to inspect your hydrotherapy areas and install g.f.b. and avoid any possible tragedy.

SWIMMING

BACK STROKE, e-j-s-c-a, 1½ reels (15 min.), $3.00.
Good body position and efficient arm action are the basis for the fine performance. Special attention is given to the start and the turn. Effective use is made of animation, stop action and slow motion.

BEGINNING SWIMMING, e-j-s-c-a, 1 reel, $2.00
Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing, floating, paddling and stroking and pulling with the arm practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

BREAST STROKE SIDE STROKE AND UNDERWATER SWIMMING, e-j-s-c-a, $2.00
This film presents the conventional breast stroke, timing and strokes, and the kick.

BUTTERFLY, e-j-s-c-a-, 1½ reels (16 min.), $3.00
Newest and most challenging of the swimming strokes is explained in detail. Making use of slow motion underwater photography, the arm action and dolphin kick are analyzed. Correct timing between arms and leg action is vital to performance. Reasons for timing are clearly explained.

CHAMPIONSHIP SWIMMING: PERFECTION TECHNIQUE, e-j-s-c-a, 2 reels, (19 min.), color, $5.50.
Outlines briefly the program and training methods used by the Santa Clara Swim Club that may be used by anyone to train swimmers. The technique illustrated, such as weight training, circle training, pace clocks, bench and stroke work and interval training when properly applied in the appropriate circumstances, will all prove beneficial in perfecting swimming style.

CRAWL STROKE, e-j-s-c-a.
The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots underwater.

DIVING FUNDAMENTALS, j-s-c-a, 1 reel, $2.00
After a brief history of the sport of diving, the following points are explained and demonstrated: the hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

DOLPHIN KICK, e-j-s-c-a, 1 reel, $2.00.
An excellent swimmer, an underwater camera and carefully devised teaching demonstrations introduce the new swimming techniques known as the dolphin or fishtail kick. Analyzing the body movements used in the dolphin kick, the film stresses the importance of practice for mastery of this efficient speedy kick.

DROWN PROOFING, j-s-c-a, 1 reel (9 min.), color, $4.50.
Shows how to stay afloat and travel in water even if you have never learned to swim. Ninety-nine per cent (99%) of all men and about ninety-nine point nine per cent (99.9%) of all women can remain on the surface in fresh water without moving, as can nearly all children.

I'M NO FOOL IN WATER, p-e-j-a, 1 reel (8 min.), color, $3.00.
Jimmy Cricket illustrates the "do's" and "don'ts" of water safety precautions. Points out the basic rules: wait at least two hours after eating, stay out when water is too cold, never swim alone, and dive only when you know the water is deep enough.

SPRINT CRAWL, e-j-s-c-a, 1½ reels (14 min.), $3.00.
Underwater photography plus animation demonstrate the dynamics of moving solid bodies through water and the resistance factors that must be overcome. You see the employment of arms and legs as well as entire body for speed, streamlining power. Championship racing starts, breathing techniques, and turns are shown in slow motion.

BASEBALL

BASEBALL ALL-STAR GAME OF 1965, e-j-s-c-a, 2 reels, color, $1.00.
In the 36th all-star game at the home of the Minnesota Twins in Minneapolis the National League conquered the

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the Hyatt Regency, Lexington, on Friday, March 20, 1981. The meeting was called to order at 9:00 A.M. by President Zeb Blankenship. All Board members, Commissioner Tom Mills, Assistant Commissioners Brigid DeVries, Louis Stout and Billy V. Wise were present. Conley Manning was present representing the State Department of Education. Mr. Manning gave the invocation.

Charles Black moved, seconded by Walter Pickett, that the minutes of the January meeting be approved. The motion passed unanimously.

President Blankenship introduced Attorney Jack Keith who spoke to the Board on behalf of Mark A. Fooks, Deming High School, in an effort to appeal the decision on his eligibility status. After a lengthy discussion, John Brock moved, seconded by Walter Pickett, that By-Law 6, Section 1, be waived. The motion passed unanimously.

Mr. Joe Ray Gatewood appeared before the Board to appeal the decision made on the eligibility status of his son, David, to represent Western Hills High School in interscholastic athletics. After a discussion on Mr. Gatewood's presentation, Fairce Woods moved, seconded by Alvis Johnson, that the decision of the Commissioner be upheld in this case and that By-Law 6, Section 1, Transfer Rule, not be waived. The motion passed unanimously.

Mr. Leon Clapp appeared before the Board on behalf of his nephew, Greg Leach, to appeal the decision on his eligibility status at Marshall County High School. After hearing Mr. Clapp's presentation and after Mr. Mills read letters from Lowes High School principal and coach, Walter Pickett moved, seconded by Charles Black, that By-Law 6, Section 1, Transfer Rule, be waived and that Greg be ruled eligible immediately to represent Marshall County High School in interscholastic athletics. The motion passed by a vote of 9 in favor and one abstention.

Commissioner Mills gave the results of the recent balloting for Board membership for Sections 1 and 6. The balloting was as follows: Section 1, Jimmy Dan Peck 5; Robert L. Rogers 33. Section 6, Eldon Davidson 22; James A. Sears 7; Larry B. Stewart 4.

There was a discussion of new proposals to be submitted to the forthcoming Delegate Assembly. A list of these proposals appears elsewhere in this issue of the **Athlete**.

President Blankenship introduced President Mike Stewart and Executive Secretary John Radjunas of the Kentucky High School Coaches Association. They spoke to the Board on the functions of their Association and on their projected plans for the coming year.

Mr. Mills gave a brief report on the Boys' State Basketball Tournament stating that the attendance was up from the last time it was held in Lexington two years ago. He stated that he would have a more detailed report at the April meeting. A financial audit of both tournaments will appear in the August **Athlete**.

Robie Harper moved, seconded by Whaylon Coleman, that the decision on the sites for the boys and girls basketball tournament be tabled until there is a more detailed report on the finances and attendance of the tournaments held this year and that the decision be made at the April Board meeting. The motion passed unanimously.

Mr. Mills informed the Board that he had received a request from Mr. Robert Case for a waiver of By-Law 6, Section 1, Transfer Rule, permitting his son to transfer from Ninth & O Christian School to another school in the Louisville area. His son desires to transfer due to the fact that Ninth & O Christian School did not participate in the district basketball tournament because of a church policy prohibiting participation in sport functions that conflict with church services. Following a discussion of this request, Mr. Mills was instructed to inform Mr. Case that By-Law 6 would not be waived for students transferring from one school to another under the above stated conditions.

Commissioner Mills reported on a request from Fairdale High School concerning a sixteen team tournament called King of the Bluegrass Basketball Tournament involving eight teams from Kentucky and eight teams from other states. It is to be held on December 19-23, 1981. Barney Thweatt moved, seconded by J.D. Minnehan, that the Commissioner proceed with a request to the National Federation for sanction of this tournament. The motion passed unanimously.

Mr. Mills read a request from Rick Chaffin of Kenova, West Virginia, to permit students from three member schools to participate in an AAU sponsored basketball tournament to be held in West Virginia, pending approval of the principals of the schools involved. John Brock made a motion, seconded by Fairce Woods, that permission be given for the three students to participate in the tournament. The motion passed with 8 votes in favor and 2 abstentions.

Mr. Mills read a request from Coach John Lykins, Frankfort High School, that his basketball team be given permission to play in an International Basketball Tournament to be played in Belgium during the second week of April, 1981. Charles Black moved, seconded by J.D. Minnehan, that the request be granted. The motion carried unanimously.

It was reported to the Board that the National Federation Summer Meeting was to be held on July 2-7, 1981, at Dearborn Michigan.

Fairce Woods moved, seconded by Barney Thweatt, that all bills of the Association for the period beginning January 1, 1981, and ending February 28, 1981, be allowed. The motion carried unanimously.

The next meeting of the Board of Control was scheduled for April 16, 1981, 2:00 P.M., at the K.H.S.A.A. Building, Lexington.

There being no further business, Fairce Woods moved, seconded by Charles Black, that the meeting be adjourned. The motion carried unanimously.

1981 K.H.S.A.A. Annual Meeting

The business meeting of the Delegate Assembly was held on Friday, April 17, at 11:00 A.M. at the K.H.S.A.A. Building.

As provided in Article IX, Section 1, of the K.H.S.A.A. Constitution the following proposals for changes in the rules of the Association to be acted upon at the Annual Meeting are hereby submitted to all members of the K.H.S.A.A. for their information. No proposals other than these may be considered at the Annual Meeting except by a two-thirds vote of the Delegates.

Proposal I

Superintendent Reed Conder, Marshall County Schools, proposes that Article IV, Section 2 (a), Representative, be changed to read as follows: "Each local Board of Education or the governing body of a private or parochial member school shall appoint one (1) representative for each member school within the school district or under their control to represent that school in the Association. Each school's representative shall have a weighted vote based on the average daily attendance in that school when his vote is cast in an election for membership to the Board of Control, for an election of a representative to the Delegate Assembly or all other matters including surveys or polls of the Representatives, that determine action or policy of the Association. The weight of the representative vote shall be calculated on the basis of one vote for each 100 students in average daily attendance or major portion thereof at that school. Only certified personnel employed by the local district, private or parochial school are eligible for appointment."

Proposal II

Principal Walter Pickett, Valley High School, proposes that Article V, Representation, be changed to read as follows: "In the Annual Meeting of the Association the delegates shall consist of one representative from each tournament district of the state. The secretary of the Kentucky Coaches Association, the president of the Kentucky Girls' Sports Association and the president of the Kentucky High School Athletic Directors' Association shall be voting members of the Delegate Assembly. The representatives shall be the delegates to the next Annual Meeting immediately following their election, and shall there transact all business of the Annual Meeting. None but these delegates shall have the right to vote in the Annual Meeting. There shall be no vote by proxy."

Proposal III

The Board of Control of the K.H.S.A.A. proposes that By-Law 6, Section 1, Transfer Rule, be changed to read as follows: "Any student who represents a secondary school in a first team game in any sport after enrolling in the ninth grade and who changes schools shall be ineligible for thirty-six school weeks. If there is a corresponding change in the residence of the parents, divorce or death of one or both of the parents, the Commissioner may waive the penalty in any case where there is evident injustice."

Note: If this proposal should pass, the following questions and answers would be added:

18.

Q. If parents are divorced what is considered the residence of the child?

A. In the absence of a court order giving custody of the child to one of the parents, the residence of the parents at the time of the divorce is considered the residence of the child unless both parents move. The Commissioner may waive the rule one time under these conditions if there is a court order giving or changing custody of the child to one of the parents within one calendar year following the date of divorce.

19.

Q. May the Commissioner waive the Transfer Rule in favor of a child who is required to change schools due to the death of one or both of the parents?

A. Yes. The Commissioner may waive the rule one time under these conditions if there is a court order giving custody of the child to an adult in the new school district within one calendar year of the death of the parent.

Proposal IV

The Board of Control of the K.H.S.A.A. proposes that By-Law 32 be changed to read as follows: "A student who has represented a member school as a first team player in football or basketball shall not compete in an all-star or post-season game **during the remainder of that academic school year** unless it is sanctioned by the Board of Control. The penalty for violation shall be loss of eligibility in all sports for the remainder of **that academic** school year. A student who has been a first team player in football or basketball and has eligibility remaining in these sports shall not take part in an all-star or post-season game **during the remainder of that academic year** unless it is sanctioned by the Board of Control. The penalty shall be loss of eligibility for one year."

Officials and Coaches Organizations Established

The National Federation Council acted January 6 in New Orleans to establish national professional organizations for high school coaches and officials. Separate organizations for coaches and officials will be operative beginning with the 1981-82 school year and be named the National Federation Interscholastic Coaches Association (NFICA) and National Federation Interscholastic Officials Association (NFIOA).

An ad hoc committee was appointed by the National Federation's Executive Committee to prepare recommendations for the initial organization of these two associations. Under the chairmanship of Herman L. "Bubba" Scott, executive director of the Alabama High School Athletic Association as well as the Alabama High School Coaches Association, the ad hoc committee submitted several recommendations which have subsequently been refined and approved for immediate implementation by the Executive Committee.

State Associations Involvement Significant

A fundamental principle underlying the establishment and continuity of the NFICA and the NFIOA is the direct administrative and cooperative involvement of state associations. Such participation by state associations should be a basic benefit to the high school coaching and officiating professions which cannot be realized by membership in any other professional organization. Although membership in each association will be on an individual basis, it will permit an individual to be part of a national organization which is an integral part of, rather than extraneous to, the national and state bodies actually having the responsibility and authority for the promulgation of playing rules and the administration of high school sports in the United States. The unmatched advantage accruing to individual coaches and officials because of this integral relationship will be the opportunity for professional growth while being represented through their own national professional organizations in providing meaningful input in a variety of ways to programs affecting them and administered by high school organizational sports authorities.

Purposes and Objectives Outlined

The NFICA and NFIOA will share common purposes and objectives in that basically the organizations will provide for professional growth of the individuals in their respective professions; provide services and enhance the image of interscholastic coaches and officials; provide for cooperation and development of prestige of their respective professions through the efforts and coordination of state high school associations: provide an effective system of communications in each state between individual sports officials and coaches, local and regional associations, state organizations and the National Federation; and advance and preserve the educational nature of interscholastic athletics for boys and girls in the curricula of schools.

Organizational Structure

Both the NFICA and NFIOA will be governed by their own separate board of directors made up of eight individuals, one from each of the eight geographical sections of the United States corresponding to the eight National Federation sections. Initially, the boards of directors will be nominated by state associations in those eight sections and selected by the National Federation Executive Committee. Special committees of active high school sports coaches and officials are to be selected by the NFICA and NFIOA boards to function in different areas such as membership, member services, publications, individual sports, awards and recognition, and other committees determined by the respective boards.

GAME GUY AWARD

Warren Phillips

The Game Guy Trophy is annually awarded to a high school athlete in the State of Kentucky who has overcome a physical handicap and participated in high school athletics. Warren Phillips was the unanimous choice of the K.H.S.A.A. for the 1981 award.

Warren was born without a left hand as his arm runs only to the wrist. He is a senior with a 3.8 grade point average, member of the National Honor Society and was a three year varsity letter winner. Warren has started at defensive end for the past two years. He played a key role in Southern High School's victory over St. Xavier this past football season.

Warren was chosen as Mr. Trojan this year, which is the highest award that a student can receive at Southern High School.

Ath. Dir. Jim Watkins, Southern High School, states in his letter of recommendation that he feels that Warren has overcome a severe handicap and has insured his future due to hard work and dedication.

This year a committee composed of school personnel from throughout the state selected Allen Feldhaus of Mason County High School, Maysville, Kentucky.

The motion passed unanimously.

Mr. Mills presented a request from Prin. Each school's representative shall have a weighted vote based on the average daily attendance in that school when his vote is cast in an election for membership to the Board of Control, for an election of a representative to the Delegate Assembly or all other matters including surveys or polls of the Representatives, that determine action or policy or the Association. The weight of the representative vote shall be calculated on the basis of one vote for each 100 students in average daily attendance or major portion thereof at that school. Only certified personnel employed by the local district, private or parochial school are eligible for appointment."

The motion carried by a majority vote.

Services, Benefits and Recognition To Be Unmatched

An informational brochure listing all the details of professional services, individual member benefits, and awards and recognition programs will be made available in the near future to individual coaches and officials through state associations. Through the efforts and administration of the National Federation, the athletic administrators of the nation have been organized and provided services and benefits since 1977. Now there will be three separate national professional associations, one each for high school athletic administrators, sports officials and coaches. it is anticipated that these three organizations will enjoy many of the same services, benefits and awards recognition programs as well as other programs which are specifically designed for each group.

Professional services will include approximately ten issues per year of a monthly tabloid, **National Interscholastic Official** and **National Interscholastic Coach,** publications specifically prepared for each respective professional organization. Also, there will be clinics and regional conferences, films, audio and video tapes as well as instructional transparencies concerning officiating and coaching mechanics and techniques on National Federation sports rules. There will be opportunity to provide input into the development of national Federation sports rules through special committees and to obtain interpretations of playing rules from the only organization which promulgates the rules and has authority to provide official interpretations thereof. Reciprocity between states for the benefit of officials will be developed.

Individual benefits will include unmatched insurance programs including medical protection, accidental death and dismemberment protection, and individual liability insurance along with special term life and hospital helper insurance for members and their families. Also included among the benefits will be a nationwide relocation service through a full service real estate company, discount privileges on a variety of items including but not limited to car purchasing, car and truck rental, officiating and coaching equipment and uniforms, and travel and motel accommodations.

Award and recognition programs will include a national program to recognize outstanding coaches and officials in all sports, the development of a National High School Hall of Fame to include recognition of outstanding coaches and officials, and a special section in the **National High School Sports Record Book,** a National Federation publication, recognizing outstanding high school coaches and officials.

Various Memberships Available

Both the NFICA and NFIOA will include a regular membership category exclusively for active sports coaches and officials; an associate membership to anyone interested in high school sports; a patron membership available to institutions, organizations corporations and others interested in supporting high school coaching and officiating; and an honorary membership to be specifically granted by vote of the boards of directors of the NFICA and NFIOA to those individuals who have made exceptional contributions to high school sports coaching and officiating.
